REACHING THE WORLD.

Background

Catalyst's Asia Project began in 2015 with a trip to Indonesia. In 2018 Catalyst graduated the first Indonesian cohort and started new work in Nepal. Most recently, in 2021 Catalyst visited India, where we have determined a site to begin training in September 2022. The Asia project provides the opportunity to spread Gospel light in a region of the world dominated by spiritual darkness. It is also our most remote project. On average, these disciples are located 9,000 miles away!

In December 2018, Catalyst connected with a young man named Bijay in Damak, Nepal. As Jesus teaches in Matthew 13, it was evident that Bijay was good soil that would multiply and bear much fruit. After several months of online training he had already been faithful to multiply the training with a small group of disciples. We are now working with Bijay to train our first cohort group of 12 pastors from local churches in the Damak area. Our goal is to see them apply this training in their own local churches in order to establish them in sound doctrine and multiply the gospel to the unreached.

The Lord has also opened the door to Nepal through a faithful sister in Christ named Romi. She has been extremely effective multiplying discipleship to women not only in Damak but also Kathmandu and beyond.

The plan for 2022 is to provide 2 full trainings in Damak to the first cohort group of pastors and women's disciples. We will also continue to develop our regional coordinators as they provide ongoing discipleship to the students in between residential trainings. We long to see a multitude of Nepalese who share a hunger for the Word and desire to reach the harvest fields by training faithful disciples.

India

The India Project is brand new for Catalyst Missions. Having identified some faithful laborers, we took a vision trip to India in 2021. From this we established a central training site for pastor training and women's discipleship training in Kotagiri, India. Thus far, we have seen the immediate multiplication of our online training and even translation of training material into multiple languages. We are excited about the future! The first training trip is scheduled in September 2022.

Indonesia

In 2014 an Indonesia seminary student studying in America connected Catalyst with a training center in Kupang, Indonesia. A vision trip in January 2015 confirmed that God was opening a door for Catalyst to train pastors from a mountain village called Soe. Over four years, more than 100 men and women joined in on the training.

In 2018 Catalyst graduated 22 Indonesia students and returned in 2019 to encourage the graduates. After the pandemic, Indonesia was closed to Catalyst for two years. We're prayerfully evaluating where God might lead us next in Indonesia.

REGIONAL COORDINATOR

Please pray for God to raise up an Indonesian pastor to serve as regional coordinator for future work in this country.

Our Mission

Right now, of the 2.2 million evangelical churches worldwide, 80% have pastors with no training. Without proper training and discipleship, Christianity remains only a surface level religion, often syncretized with the real worldview of the adherent. Our goal is to follow the model of Jesus and Paul in equipping leaders for the purpose of propagating the gospel into unreached peoples.

Consequently, in the Global South, the greatest need is to equip local, indigenous leaders who will carry the gospel to their own people and beyond. Catalyst believes that long-term training of local leaders is the most effective way to ensure healthy multiplication of the gospel. For this reason, the training curriculum includes nine modules, encompassing theological and methodological formation. One module requires roughly 30 hours of instruction. So, each cohort group that we train receives a minimum of 250-300 hours of instruction as well as mentorship from on-ground coordinators in the interim between trainings. This training cycle amounts to a 3-4 year commitment.

Overall, Catalyst is now working with 23 groups of pastors, leaders, and disciples spread out over 10 countries and 3 continents. These training groups amount to a total of 770 students. As we track their multiplication into others, the reach of the gospel through this training is miraculous. As William Carey once quipped, "Expect great things from God; attempt great things for God."
