

CATALYST MISSIONS

PRAYER GUIDE

TRAINING LEADERS.
EQUIPPING CHURCHES.
REACHING THE WORLD.

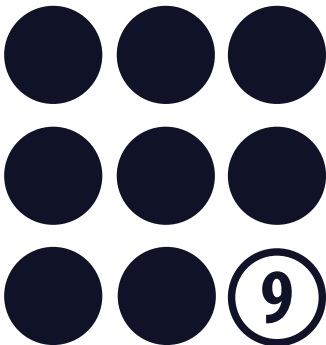

Background

Our South America project represents one of Catalyst's most expansive works. This project has grown to include two main countries, Bolivia and Colombia, as well as open doors into other near cultures.

Bolivia

Bolivia is a predominantly Spanish speaking country of roughly 11 million people with 39 indigenous languages. While largely Roman Catholic, Bolivia presents a diverse religious scene.

In August of 2014, Catalyst Missions began sensing God's direction to the South American country of Bolivia. Working through a missionary contact in Santa Cruz, Catalyst Missions took a vision trip in March 2015. With great interest in the leader training we offer, Catalyst went back for the first official training trip in October 2015.

Training of pastors, missionaries, and church planters is the greatest spiritual need in this area. With little access to theological formation, pastors and leaders often face an incredibly difficult task of preaching, teaching, and multiplying the gospel. Catalyst has taken further steps to develop and implement a long-term vision to plant training institutes in this country and raise indigenous leaders who will run with these biblical concepts. Needless to say, the training has multiplied rapidly. Now, with training sites in La Paz, Cobija, Santa Rosa de Vigo, San Joaquin, Guayaramerin, Galilea, and Rurrenabaque we have multiple opportunities for churches wishing to partner for the expansion of the gospel through trained pastors, church planters, and leaders.

Having graduated two cohort groups in the northern region of Bolivia in the departments of Riberalta and Pando as well as having established new groups in the Beni Department, Cobija, and Galilea, Catalyst plans to continue working in 2022 with 10 training groups. We pray and believe that the multigenerational impact of these disciples will spread throughout Bolivia unreached people groups who remain as well as to surrounding countries such as Peru where we have already started meeting with a cohort group online.

Colombia

Colombia is a project that has started in 2019 and as they say, the work has just begun! Through faithful leaders like Diego, Pablo, Angelica, Claudia, Gloria and many others, the Lord has opened the door for expansive multiplication of pastor training and women's discipleship training. With pastor training in our central site of Chia occurring weekly and women's discipleship being multiplied both in Chia and Bogotá (25 discipleship groups), the work has moved forward even amid the difficulties of travel. Catalyst is currently working with 50+ first generation disciples in Colombia among the various training sites.

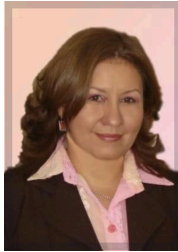

Catalyst's plan for 2022 is to continue establishing the project in the central site of Chia, Cudinamarca as well open at least 2 extension training sites in Casanare and Las Amazonas where the work will be multiplied by second generation disciples. This project budget will support 6 trainings in 2021.

DONATE NOW

Our Mission

Right now, of the 2.2 million evangelical churches worldwide, 80% have pastors with no training. Without proper training and discipleship, Christianity remains only a surface level religion, often syncretized with the real worldview of the adherent. Our goal is to follow the model of Jesus and Paul in equipping leaders for the purpose of propagating the gospel into unreached peoples.

Consequently, in the Global South, the greatest need is to equip local, indigenous leaders who will carry the gospel to their own people and beyond. Catalyst believes that long-term training of local leaders is the most effective way to ensure healthy multiplication of the gospel. For this reason, the training curriculum includes nine modules, encompassing theological and methodological formation. One module requires roughly 30 hours of instruction. So, each cohort group that we train receives a minimum of 250-300 hours of instruction as well as mentorship from on-ground coordinators in the interim between trainings. This training cycle amounts to a 3-4 year commitment.

Overall, Catalyst is now working with 23 groups of pastors, leaders, and disciples spread out over 10 countries and 3 continents. These training groups amount to a total of 770 students. As we track their multiplication into others, the reach of the gospel through this training is miraculous. As William Carey once quipped, "Expect great things from God; attempt great things for God."
